5.12. Qualifying

5.12.MXGP Qualifying

1. Qualifying in each class will involve a Time Practice.
2. Riders will qualify for their starting positions in the Races according to their best result in the Time Practice. In case of ties, the second best times will be taken into consideration:

MXGP / MX2	Positions	Results
Time Practice (Maximum 40 riders)	1 to 40	Determine the starting positions for the Races

3. If, for unforeseen reasons, a rider does not score any qualification time in the Time Practice, he will be placed last on the starting gate for the Races (behind the riders who have scored a result in Time Practice). If several riders are concerned, the times set in Free Practice will be taken in consideration.
4. If the Time Practice is cancelled for any reason, times from the Free Practice will be used as qualifying times for the Races.
5. In proven exceptional cases of force majeure where a rider does not participate in the Free and Time Practices, he may be admitted by the Race Direction to participate in the Races. He will then be placed last on the starting gate, (behind the riders who have scored a result in Time Practice and those who did not score any result in Time Practice but have been admitted to the Races). If several riders are concerned, then a ballot will decide upon their starting position.
