## Amendment to the 2017-2018 Endurance World Championship and Cup Regulations

Dear Madam, dear Sirs,

As per the FIM CCR Commission decision, we are pleased to send below an amendment of the 2017-2018 Endurance World Championship and Cup Regulations regarding the “Experimental” class.

These amendments (in red) are **with immediate effect**:

### 1.8.7 Acceptance

The entries must be made according to the following priority:

- Before the 1<sup>st</sup> event of the Championship:
  - The contracted teams;
  - The teams having obtained points in the Championship of the previous year;
  - The teams having obtained points in the Cup of the previous year;
  - **2 places will be granted for teams entering a machine in the "Experimental" class provided that they meet the requirements of Article 2.9 and the agreement of the Endurance Technical Director;**
  - Other teams.

- After the 1<sup>st</sup> event of the Championship:
  - The contracted teams;
  - The teams having obtained points in the Championship of the current year at the closing date of entries;
  - The teams having obtained points in the Cup of the current year at the closing date of entries;
  - **2 places will be granted for teams entering a machine in the "Experimental" class provided that they meet the requirements of Article 2.9 and the agreement of the Endurance Technical Director;**
  - Other teams.

We thank you in advance for taking note.

Best regards,

Paul DUPARC  
Coordinateur CCR
