## **FIM Antidoping**

**Monster Energy AMA Supercross, an FIM World Championship**

### **Rider Broc Tickle provisionally suspended**

The Fédération Internationale de Motocyclisme (FIM) has advised US Supercross rider Broc Tickle that he is provisionally suspended pursuant to Article 7.9 of the FIM Anti-doping Code. The decision to provisionally suspend Mr. Tickle was taken following the receipt of a report from the WADA accredited laboratory in Cologne indicating an Adverse Analytical Finding of 5-methylhexan-2-amine, a specified substance under Section 6 (Stimulants) of the 2018 FIM Prohibited List, in a urine sample collected from him at an in-competition test carried out by the FIM at the round of the Monster Energy AMA Supercross, an FIM World Championship held in San Diego, California, USA, on 10 February 2018.

Mr. Tickle has the right to request and attend the analysis of his B sample.

Mr. Broc Tickle is provisionally suspended with effect from 14 April 2018. He is therefore barred from participating in any Sports competition until further notice (Art. 10.12 of the FIM Anti-doping Code). Under Article 7.9.3.2 of the FIM Anti-doping Code, Mr. Tickle may request lifting of his provisional suspension.

Under the World Anti-Doping Code and the FIM Anti-Doping Code, the FIM is unable to provide any additional information at this time.

---

#### **About the FIM ([www.fim-live.com](http://www.fim-live.com))**

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 113 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
