C/006/2010 CCR/Dup
Passes for Wild Card Entries
2010 Grand Prix World Championships

Dear Sirs,

We refer to the previous circular letter C/002/2010 explaining the procedure for the allocation of wild cards.

When your wild card riders are approved by the Grand Prix Commission, we especially draw your attention to the enclosed forms concerning the allocation of places in the paddock as well as the passes for the team personnel.

We kindly request that you remind to your wild cards that, once they have been selected, it is necessary for them to inform IRTA about the names of their team staff to whom nominative passes will be issued, by means of the attached form.

Indeed, it appears in the past that some wild card riders arrived at the Grand Prix event where they have been invited without previously having organised the passes for their team. Consequently, these teams have to wait until there is a gap in the pass production sequence which can take a long time.

We thank you for forwarding the necessary information to your wild card riders so that nobody loses any time in the paddock and this unpleasant situation does not occur this year.

Yours sincerely,

Paul Duparc
CCR Coordinator
