FIM CEV Repsol Moto3™ Junior World Championship

2020 Calendar Update 05 JUNE

After a long preseason, the FIM and the FIM CEV Repsol are delighted to announce that the two first events of the season have now been authorised. As previously announced, the first race week will take place at the Circuito do Estoril, followed by the Autodromo Internacional do Algarve in Portimão.

Due to protocols and travel restrictions, the dates have been modified:

Estoril

- Saturday 4 July: CEV Official Testing Sessions
- Sunday 5 July: CEV Official Testing Sessions
- Monday 6 July: Qualifying Sessions
- Tuesday 7 July: Races

Algarve

- Friday 10 July: CEV Official Testing Sessions
- Saturday 11 July: CEV Official Testing Sessions
- Sunday 12 July: Qualifying Sessions
- Monday 13 July: Races

As planned, the following races will take place at each event:

Estoril: FIM Moto3™ Junior World Championship, Moto2™ European Championship (2 races), and Hawkers European Talent Cup (2 races).

Algarve: FIM Moto3™ Junior World Championship, Moto2™ European Championship (2 races), and Hawkers European Talent Cup.

The FIM CEV Repsol and each circuit are working closely with sporting and health authorities to ensure that FIM CEV Repsol races take place in a safe environment and following the measures required on the specified dates. To that end, a Covid-19 protocol is being finalized that details the guidelines that must be followed and explaining the measures that have been adopted, such as the reduction and strict control of the number of people in the paddock, temperature checks prior to access, medicals when appropriate, and social distancing.

Further updates on the FIM CEV Repsol calendar will be released, after the official FIM MotoGP™ World Championship calendar is published.

About the FIM (www.fim-live.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 112 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
