C/005/2019 CCR

**Annual licenses for permanent riders participating in the 2019 FIM Grand Prix World Championships (Moto3, Moto2 and MotoGP) and the FIM Enel MotoE World Cup**

Dear Riders,

We have recently published a provisional list of permanent riders who will participate in the 2019 FIM Grand Prix World Championships and the FIM Enel MotoE World Cup.

In accordance with the decisions taken at the 2016 FIM General Assembly in Berlin, we confirm that the annual licenses for GP and MotoE riders will be issued directly by the riders' National Federations (FMNs) through the FIM Extranet.

**INSURANCE:**

You are not required to contract any additional insurance because, as a GP or MotoE rider, you are covered by insurance arranged by IRTA which complies with the insurance requirements to participate in the 2019 FIM Grand Prix World Championships or in the 2019 FIM Enel MotoE World Cup.

This IRTA insurance for MotoE riders will only cover the actual events and official tests. However GP riders are covered for all races, official tests, all private testing and your training.

You will find as an Appendix a summary of the insurance cover. Any GP rider is of course free to take out any additional insurance he may consider appropriate.

**MEDICAL:**

We draw your attention to the fact that to be eligible to participate in the 2019 FIM Grand Prix World Championships or FIM Enel MotoE World Cup, you are required to submit, completed and signed, Appendices A (Medical History Form, signed by yourself) and B (Medical examination Form, signed by a doctor familiar with your medical history) of the FIM Medical Code and Anti-doping consent form (Appendix 3 of the FIM Anti-doping Code, also signed by yourself or, if you are a minor, your legal guardian).

MotoGP, Moto2 and MotoE Class riders have already gone through this process with the official doctors of the MotoGP Championship and the documents are with the FIM. Moto3 class riders will do so in their pre-season test in February.

**LICENCE:**

- Your FMN will issue your GP/MotoE license. Please contact your National Federation at your earliest convenience in order to avoid any delays. As a reminder, we enclose the list of the FMNs concerned.
- You don't need to pay any amount to your FMN as the license will be paid on your behalf directly by IRTA to the FIM.
- FIM does not oblige a GP/MotoE rider to be in possession of a national license. However, a mandatory application for a national license through the concerned FMN is reserved (depending inter alia on the National Legislation applicable). Should it be the case it will be at no additional cost to the rider.

**IMPORTANT NOTE:** We understand that some riders may have already purchased their licence from their FMN. Obviously, IRTA will not pay the FIM again for the same licence, but you must inform IRTA if you have done so and how much you have been charged. You will then be reimbursed for the same amount.

Should you need any further information, please do not hesitate to contact FIM CCR Coordinator Mr Paul Duparc ([paul.duparc@fim.ch](mailto:paul.duparc@fim.ch)).

We wish you all the best for this new season.

Yours sincerely,

Jorge VIEGAS
