GENERAL PART

INTRODUCTION

The objectives of the Code for Touristic gatherings are to:

- a) Grow the practice of leisure motorcycling and touring activities;
- b) Encourage non FIM members to join the organisation at local or national level in their country of residence.

To achieve these goals, the FIM created a dedicated commission, the Commission for Touring & Leisure (activities) motorcycling (CTL), and has structured its international activities along three types (categories) of International Touristic Gatherings.

The goal of this general part of the Code for Touristic Gatherings is to define the different categories of the FIM International Touristic Gatherings (article 1) and to establish a set of general rules common to the categories of the meetings including:

- a) General instructions to the organiser of and participants in a FIM Classic International Touristic Gathering and FIM “SPECIAL” Touristic Gatherings (article 2);
- b) Safety Requirements for a FIM Classic International Touristic Gathering and FIM “SPECIAL” Touristic Gatherings (article 3);
- c) Insurance policies, liability and indemnity for a FIM Classic International Touristic Gathering and FIM “SPECIAL” Touristic Gatherings (article 4);
- d) Recommendations to road users for a FIM Classic International Touristic Gathering and FIM “SPECIAL” Touristic Gatherings (article 5).

The General Instructions, Safety Requirements, Insurance policies, liability and indemnity as well as Recommendations to road users related to FIM International Touring Gatherings are provided for in Category 2 of the Code for Touristic Gatherings.

1. DEFINITION OF FIM INTERNATIONAL TOURISTIC GATHERINGS AND CATEGORIES

1.1 FIM International Touristic Gatherings

A FIM Touristic Gathering is a meeting organised with the prime objective of assembling motorcyclists at a point fixed in advance and included in the FIM International Touring Calendar.

After assembling, the participants may take part in a programme at or close to the meeting place, and/or travel together, or in smaller groups, to one or more places designated in the programme.

No sport competitions of any kind shall take place. However, prizes may be awarded based on different aspects of the meeting (for example the number of participants per FMN).

1.2 Categories of FIM International Touristic Gatherings

a) Category 1, FIM Classic Touristic Gatherings

- 1.1 FIM Rally;
- 1.2 FIM Motocamp;
- 1.3 FIM Rendez-Vous Meritum;
- 1.4 FIM Mototour of Nations;
- 1.5 FIM Mototour of Races.

b) Category 2, FIM Touring Gatherings

2.1 FIM Touring World Challenge

These meetings form the FIM Touring World Challenge for Clubs and Individual Riders. They are approved annually by the CTL and run under the aegis of an FMN. Each meeting has to have a minimum duration of two days. There must be a classification for FMNs and clubs, and a common programme of activities.

2.2 FIM International Touring Meetings

These meetings are international meetings organised by FMNs or their members. The duration, programme and classification are free.

c) Category 3, FIM “SPECIAL” Touristic Gatherings

These meetings, approved annually by the CTL, are reserved for specific groups of people (to the extent compatible with the FIM’s non-discrimination policy) or categories of motorcycle (e.g. women, vintage motorcycles, motorcycles of the same make, etc.), catering for special interests (e.g. off-road, adventure touring, custom touring).

The duration, programme and classification are free, subject to the specific rules for each challenge and the generic standards of the Code for Touristic Gatherings. This Category, open to new Meetings proposed by FMNs or groups of riders to the CTL, consists, as of today, of the following:

3.1 FIM Adventure Touring;

3.2 FIM Vintage;

3.3 FIM Endurance Touring.

These titles can also be used in official, promotional or advertising documents, etc., providing that the prior approval of the FIM has been obtained. Non-observance of this rule entails prescribed penalties.

- b) In accordance with Art. 3 of the FIM Statutes, any matters relating to all television, radio, video cassette, sponsoring, marketing, advertising, merchandising, promotion, licensing and any other rights of gatherings or activities organised under the auspices of the FIM are within the exclusive control of the FIM.

- d) The FMNR (Organising National Federation) must complete and sign a Request Form. Should the FMNR refuse to do so, the FIM reserves the right to cancel the meeting.

2.4 Supplementary Regulations (SR)

The organiser shall publish Supplementary Regulations (SR), to be approved by the CTL, which contain detailed information and specific rules to be applied to the specific meeting.

The Supplementary Regulations (SR) of each meeting must be written in the official languages of the FIM (French, English), and in any other language(s) at the discretion of the organiser. The SR of the meeting should be drawn up in conformity with the standard model provided by the CTL (see APPENDIX A).

Before publication, the SR must be submitted to the CTL for examination and approval at the last CTL meeting of the preceding year. After this approval, the SR must be sent to all FMNs and at the latest by 1 December of the year preceding the meeting.

No modification can be made to the SR once it has been approved by the FIM. However, in exceptional cases, the Executive Committee can authorise a modification as long as it is made known to all the persons concerned.

The SR shall stipulate that the meeting is organised according to the Code for Touristic Gatherings (especially the provisions related to the specific meeting) - and the FIM Environmental Code.

2.5 Registration

Compulsory advanced entries may be required by the organiser in accordance with the requirements of the Supplementary Regulations (SR). In the case of entries made directly at the Welcome Centre, as specified in the SR, it is necessary to fill an Entry Form. The Entry Form does not have to bear the official seal of the rider's FMN, but he/she must be able to prove that he/she complies with Article 2.2. of the General Part of the Code upon arrival at the Welcome Centre, when depositing the Entry Form.

2.6 Entry Fee

The entry fee is fixed by the FMN of the participant. It is made up of the organiser's fee approved by the FIM/CTL plus any administrative expenses which may be added by the FMN.

Payment can be requested at the same time as the advanced entry is made by the participant or it can also be made at the Welcome Centre. The organiser may increase the entry fee by 25% for payments made at the Welcome Centre. When this penalty is imposed it must be stated clearly in the Supplementary Regulations.

The SR must state precisely which form of payment is required and clearly indicate the quantity and the quality of the benefits that are offered in return for the entry fee. The amount of the entry fee is fixed in Euros (€) or the equivalent in the national currency of the FMNR.

2.7 Conditions of cancellation and reimbursement

Each Supplementary Regulation of an FIM International Touristic Gatherings must mention in a clear and precise manner the conditions of reimbursement in case of cancellation. These conditions must not be in contradiction with any agreement signed between the FIM and the FMNR.

2.8 Site Visit

- a) For the FIM Rally and FIM Motocamp, one or more CTL Members will be designated to make a preliminary site visit to inspect the venue and examine the organiser's plans and preparations, advise him, and give him every assistance in order to avoid any flaw or setback for the participants, who must be assured of an organisation and benefits corresponding to the entry fee as well as the reputation and international standing of the FIM. For the Mototour of Nations a site visit may also be done, in case CTL decides so, or if requested by organisers.

- b) This site visit will normally take place at a date to be determined by the CTL with the agreement of the FMNR, in the year preceding the meeting, to determine the state of the preparations and in order to be able to submit observations on the progress made to the CTL at its last meeting of the year.
- c) For the other FIM International Touristic Gatherings, the CTL may execute site visits at its discretion, provided the organiser and the competent FMNR are informed in due time.
- d) No cost will be borne by the FMNR/organiser in relation to the first site visit. If a change to the agreed venue and programme is required, a second site visit may take place, and the related costs will have to be borne by the FMNR/organiser.

2.9 Legal Authorisation

No FIM International Touristic Gathering may be organised before all necessary authorisations from the public authorities have been obtained by the organiser. The CTL may request copies of such authorisations from the organiser before the meeting.

2.10 Competent Bodies

The Executive Committee of a meeting exercises supreme control of the meetings but only in respect of the application of the FIM Codes, FIM Regulations and of the SR, which it must ratify. Consequently, the members of the Executive Committee are responsible only towards the FIM. They are responsible for the touristic side of the organisation of the meeting in which they have an executive function. All civil and legal responsibilities lie with the organisers.

The Executive Committee of a meeting may authorise an alteration to the SR in exceptional circumstances provided that it is brought to the attention of all persons concerned. It is not authorised to make alterations or additions to the FIM rules, but is entitled to take decisions in the exceptional cases on its own initiative or on request of the organisers to delay the start of a meeting, to have the venue improved, to prematurely stop or cancel part or the entire meeting because of urgent safety reasons or for any other reasons of “force majeure”.

The terms of reference, composition, rules and responsibilities of the Executive Committee are set out in APPENDIX B.

2.11 Candidatures

Requests to organise an FIM International Touring Gathering must be submitted, in writing, to the FIM Administration by the FMN(s) concerned and be accompanied by an explanatory leaflet. In principle, in order to facilitate the preparations of the FMNR, permission to organise may be granted up to three years before the year of the FIM meeting in question. The FIM Board of Directors, on the basis of the CTL's proposals, approves the FIM International Touring Calendar which shall be published no later than November every year.

The License is requested by the FMN to the FIM Administration, and has a validity of three years. Evidence of the applicant's experience and qualification should be sent with the request. FIM requires the applicant to attend a seminar before granting the licence.

2.13 Registration Fee

The fees payable for each entry appearing on the FIM Website are established by the General Assembly and invoiced to the FMNRs.

3. SAFETY REQUIREMENTS FOR AN FIM CLASSIC INTERNATIONAL TOURISTIC GATHERING (CATEGORY 1) AND FIM "SPECIAL" TOURISTIC GATHERINGS (CATEGORY 3)

Safety during an FIM International Touristic Gathering (for the participants, spectators and officials) must be of utmost priority for the organiser. No effort should be spared, including co-operation with public authorities, to ensure the safest possible conditions. The organiser undertakes to secure the necessary persons, funding and skilled manpower and ensure that they are available as required before, during and after the meeting.

3.4 Fire precautions

Adequate precautions must be taken by the organiser to eliminate the risk of fire in the meeting area and in all places visited by the participants, as detailed in the meeting programme, during the FIM International Touristic Gathering.

3.5 Environment

Due consideration must be given to environmental matters and to the principles of the FIM in terms of sustainability and environmental protection. The FMNR shall appoint an FIM Environmental Steward to support the Executive Committee in the implementation of the FIM Environmental Code.

FIM International Touristic Gatherings CATEGORY 1:
FIM Classic Touristic Gatherings CATEGORY 1.1: FIM Rally

I. FIM RALLY

1. HISTORY

Created in 1936 by the International Federation of Motorcycle Clubs (FICM) with the intent of bringing together each year, and in a different country each time, the teams representing the affiliated National Motorcycling Federations (FMNs), the “FIM Rally Concentration” took place with some success until 1939. Interrupted by the 1939-1945 World War, it was re-established in 1950 with a growing participation at each annual edition.

Patronised and promoted by the FIM, this FIM Classic Touristic Gathering, more usually called “FIM Rally”, is the most important Touristic Gathering on the FIM annual international calendar of motorcyclists’ touring meetings. It is the only one entitled to be called “FIM Rally”.

2. PARTICIPATION

The FIM Rally is open to participants complying with article 2.2 of the General Part of the Code for Touristic Gatherings.

Members of the Fédération Internationale des Véhicules Anciens (FIVA) are also entitled to participate in the FIM Rally. This follows the signing of an Agreement between the FIM and FIVA in 2004.

The following non-motorcyclists are admitted without classification:

- The official delegate of the participating FMNs.
- The driver of one technical and medical assistance vehicle per 100 participants. This vehicle must have two places available for motorcycling participants in difficulty.
- The elected and appointed Members of the FIM.
- Meritum holders as from “Grand” Meritum.

3. ENTRIES

Entries to the FIM Rally have to be made on the official FIM Entry Form which can be obtained from the FMN of the participant or on the website of the event and includes a liability waiver to be signed by participants. It is the FMN of the participant that fixes the deadline for the return of the form and who sends all the entries to the organiser. Participants from FMNs that do not provide registration services for participants send the forms directly to the organiser.

4. ENTRY FEE

The entry fee is fixed by the FMN of the participant. It is made up of the organiser's fee plus any administrative expenses which may be added by the FMN if the FMN provides registration services to the participants.

For each FIM Rally, the organiser's fee is approved by the FIM. The amount may be fixed in the local currency of the FMNR or in Euros (€). Children between the ages of 8 and 12 at 1st January of the year of the meeting will pay 50% of the adult entrance fee, while children under the age of 8 at that date will be admitted free of charge.

The FMNs must pay in advance the whole of the organiser's fee. If the FMN does not provide registration services to the participants, then the participants pay the organiser's fee directly to the organiser.

The payment of the entry fee gives the right to the following minimal benefits:

- Participation in the FIM Rally programme as specified in the SR (entertainment, folklore demonstrations, Nations Parade, excursions, etc.)
- Good quality food and in sufficient quantity
 - 1st day: arrival lunch, dinner
 - 2nd day: picnic excursion, dinner
 - 3rd day: dinner
- A souvenir medal/plaque or pin
- Other souvenirs left to the choice of the organiser, but easy to transport on a motorcycle.

5. ACCOMMODATION

**FIM International Touristic Gatherings CATEGORY 2:
FIM Touring Gatherings CATEGORY 2.1: FIM Touring World Challenge**

I. FIM TOURING WORLD CHALLENGE

1. MEETINGS

- a) The FIM Touring World Challenge is a series of International Touristic meetings, approved by CTL, with the purpose of promoting international motorcycle travelling and distinguishing a Club or a single rider for participation in the series.
- b) Organised under the aegis and rules of an FMN and approved by the Board of Directors, based on a proposal by the CTL, granting the use of the “international” title and the FIM’s logo.
- c) With the exception of the titles reserved for the FIM Classic Touristic Gatherings, full freedom is given to organisers to use any other term to express the character of the meeting, such as: meeting, concentration, assembly, gathering, etc.
- d) From these official requests received the CTL will choose a selection of those that will form the annual FIM Touring World Challenge Calendar for Motorcycle Clubs and Individual motorcyclists to whom the title of “World Touring Motorcycle Club Winner” and “World Touring Motorcycle Rider Winner” may be awarded.
- e) Organisers must have at least one FIM Tourism Steward License holder within their organising committee.

2. GENERAL RULES

Meetings are conducted under the rules and regulations of the authorising FMN. Entries, the entry fee, accommodation, classification, and the prize giving ceremony are under the sole responsibility and authority of the FMNR and the organiser.

All participants registered in the Touring World Challenge shall comply with the decisions of the organiser, delegated FIM CTL Official and the CTL. The decisions of the CTL with regard to the rules interpretation and results are final.

Disregard and non-acceptance of these decisions may result in penalties and suspension at future CTL activities.

3. **INSURANCE POLICIES, LIABILITY AND INDEMNITY**

The Article 4 of the General Part of the Code for Touristic Gatherings (Insurance policies, liability and indemnity) shall apply to this Category 2.

4. **DURATION**

As a general rule, the FIM International Touristic Meeting takes place on the territory of the FMNR and last a minimum of two days from the day of the opening to the day of the official closing of the meeting, including the proclamation of the results and awarding of the prizes (if any). Exceptions have to be authorised by the CTL.

5. **ITINERARY - DISTANCE - CLASSIFICATION**

The itinerary, distance covered and speed are factors not taken into consideration for the results and classification. The presence at the meeting determines the awarding of the points for the FIM Touring World Challenge (TWC).

The CTL may award bonus points for specific events or characteristics within each event, which are communicated together with the calendar, each year.

Participants being present with a motorcycle registered in their name (visible on the motorcycle documents) will be awarded 1 presence = 2 points.

Participants being present with a motorcycle registered in the name of any other person or company will be awarded 1 presence = 1 point.

To register other motorcycles (up to 3) and for these to be considered their own, participants need to submit a declaration via email to the CTL (ctl@fim.ch) before their first participation in the TWC. In this case, the motorcycle(s) must be registered with license plates from the country of residence of the participant.

The presence at the FIM Rally, FIM Mototour of Nations and at least one meeting outside the CONU of the motorcyclist's FMN is compulsory.

Events lasting two days will score 1 or 2 points depending on whether the motorcycle is owned by the participant/registered in his name or that of another person.

If, out of the two days, the participant misses one or does not report his presence to the CTL delegate (Reg. 7), a penalty of 50% will be applied.

Participant's presence at events listed as 3 or more days in the official calendar, will be calculated in the following manner (as shown in the table below – **showing points**):

Duration of the Event	1 day	2 days	3 days	4 days	n-days
Participation with own motorcycle	2.0	2.0	2.3	2.4	2.n
Participation with other/non declared motorcycles	1.0	1.0	1.3	1.4	1.n

If challenges are to be performed during the event, participants in the FIM Touring World Challenge are advised to participate actively (any score obtained in these challenges **will count for a special classification, based on the number of TWC participants joining that challenge**, that will be added to the participant's score in the FIM Touring World Challenge).

A special challenge will be organized by the CTL during the FIM Rally, for the FIM Touring World Challenge participants, and the score obtained will be used only in the case of a tie.

For this challenge, Motorcycle Clubs will appoint a rider to participate representing the Club.

6. PARTICIPATION

The meetings participation rules are set by the FMNR. However, the FIM Touring World Challenge is open only to participants who are members of an FMN or its approved delegated body and holders of a valid FIM Touring Advantage Card, either on an individual basis or as a member of a club affiliated to an FMN or its approved delegated body.

Participants are required to fill in a form and to deliver it to the CTL Delegate together with a copy of ID card and Federation or Moto Club membership card (or other written proof of membership), as well as to show the FIM Touring Advantage Card to the delegate.

7. REGISTRATION OF ATTENDANCE

Organisers have to provide a Welcome/Administrative Centre where participants can be registered. The place must be well indicated and easy to find. On arrival, participants who want to compete in the FIM Touring World Challenge shall visit the Welcome/Administrative Centre at the meeting with their motorcycle and present a copy of their FMN/Club membership document and copy of an ID document, together with the FIM Touring World Challenge form and the FIM Touring Advantage Card to the FIM CTL Official (or its delegate), who will be clearly visible on the spot.

The FIM CTL Official will collect documents, register the presence of a motorcycle per each participant and, with the support of the organiser, fill in a list of participants registered for the FIM Touring World Challenge for that meeting.

Each evening of the meeting (between 17:30 and 19:30 local time, or any other time defined by the CTL delegate) participants who want to compete in the FIM Touring World Challenge shall report and make their presence known to the FIM CTL Official (or his delegate).

If the CTL delegate is not available, the participants shall report to a member of the organising team and take a picture with him at the arrival location. Their presence must be confirmed by any local Organiser's official, and verified by the CTL delegate by the end of the event.

Failing to report their presence during the indicated time is considered as not having **been** present on that day thus failing to be awarded the respective day's point(s).

The provisional list and the final list will be ratified and published on CTL web site **no later than 8** weeks after each meeting.

8. MEETING CLASSIFICATION

The classifications are provided by the FMNR and the organiser. No other FIM classification or prizes are foreseen during meetings.

9. FIM TOURING WORLD CHALLENGE CLASSIFICATION

- a) By the end of the year, and in due time for the FIM Awards, FIM will publish, through its communication channels, and notify to the FMNs concerned, the classification of the first three places for each category (Motorcycle Club and Individual Rider).

- b) The winner will be the one with most points.
- c) To be classified:
 - a minimum of 50% +1 of the eligible meetings must be attended including at least one meeting outside the CONU of the motorcyclist's FMN; and
 - the FIM Rally and the FIM Mototour of Nations must be attended.
- d) The number of events attended by each individual or club is not limited, but for the final classification, only 50% + 1 will be taken into consideration. These must include already the events outside of the CONU as well as the compulsory FIM Rally and FIM Mototour of Nations. The total number of events registered in the calendar for that year, plus the compulsory ones will give the total number of events. The participants attending more than 50% + 1 of the total number of events may choose the events to retain for their final classification results.

This choice must be communicated by email (ctl@fim.ch) no later than 15 days after the last event. If no choice has been received from the participant, the CTL will choose the best results registered at the closing of the Challenge.

(Example: **If** the calendar has 9 **optional** events listed, the FIM Rally and the FIM Mototour of Nations, **this** makes a total of 11 events for the Challenge. **Then the** participants must do a minimum of 50% + 1, meaning 7 events, and if they do more, they must choose their best classification out of their participation, corresponding to 7 events).

- e) For every event that entails a classification or challenges, the final classification is the responsibility of the organiser and will count for the points awarded to the participant, individual or club, taking into consideration the ratio of the number of participants attending; If there are 4 participants, the one that gets the best classification on that challenge will get 4 points, the second one 3 points and so on. This rule is applicable both for clubs and individuals.

Participants in any challenge must be a member of a FMN or its approved delegated body; be a holder of a valid FIM Touring Advantage Card and must have registered for the TWC.

No additional points are awarded if the participant at the event has not participated in the specified challenge and they will not be included in the classification calculations.

- f) Participants must select one event from the published calendar of events in the Touring Challenge, and designate it as their special event. This choice must be done in advance **by email, or** no more than **10** days after attending the first event, and must be communicated to the CTL (ctl@fim.ch). The choices will remain confidential; they shall not be disclosed by the CTL Officials and must not be communicated between participants, subject to penalty of disqualification.

The choice made by each participant (individual or club) is final and cannot be changed.

All these selected events will award points only to the participant(s) who designated them as “special event”. These events will each be awarded a certain number of points to be shared equally between those TWC contenders that completed the event. Up to **5** participants, a total of 10 points will be awarded. For events with **6** or more participants, 20 points will be awarded. No points shall be scored in case of non-attendance. These points will be divided by the number of total **TWC** participants registered. Only the contenders that have selected this particular event as their special event will have this quota added to their points.

Touring Challenge contenders, individuals or clubs, must designate and communicate their “Special event” upon their submission of their entry to the TWC as indicated above.

Participants registered at an event for the first time will not be counted for the division of points. Participants that did not choose a “Special event” will not be counted for the division of points either.

- g) In case of tie, for individuals or motorcycle clubs, the result of the challenge performed at the FIM Rally is the determining factor.
- h) The FIM Touring World Motorcycle Rider Winner and FIM Touring World Motorcycle Club Winner (maximum three persons) can be invited to participate to the FIM Awards and presented with the relevant prize.

FIM Vintage meetings are tourism- and culture-based meetings using vintage motorcycles that have been preserved or restored, and representing the era they were built in. The meetings may consist of riders travelling on predetermined routes made known before the start, along which there are stop-off points to see sites of touristic and historical interest. The length and difficulty of the routes must be commensurate with the age and characteristics of the motorcycles being used, which may be divided into different categories.

Alternatively, meeting may be at a fixed location where the motorcycles will be ridden to showcase the motorcycling engineering over the years, in order to attract spectators and to hand down the culture and values of motorcycling to future generations.

These meetings can create a sort of travelling museum of motorcycles, fully working and able to show the conditions in place at the time these vehicles were developed.

The meeting may be called a “Historical Revival” when it retraces the routes and start/finish points of past sporting meetings, as documented and certified through photographic and/or printed evidence.

2. PARTICIPATION

These meetings are open to all riders and passenger (FMNs can set particular limitations). Entry requests must be sent in advance, as the number of participants may be limited, the stated number specified in the programme and in the Supplementary Regulations. Participants have to declare in the entry form the vehicle they intend to use in the meeting, the characteristics that will make it identifiable, including year of manufacture, number plate, any modifications made to the original vehicle. Possession of a historical certificate, issued by FIVA Vintage Registry, FMNs Vintage Registry and/or Single Make Registry, is appreciated but not compulsory. Vehicles must be more than twenty years old; in terms of the age they were manufactured. This minimum age may be raised, at the organiser’ discretion, giving clear indications in the Supplementary Regulations. Vehicles may be divided into classes, based on age.

In case of usage of public roads, the vehicles shall in all cases comply with Road Traffic Code requirements, have a number plate, be authorised to travel on the public road and be covered by compulsory insurance.

The organiser may propose that the entire route (or part of it) be considered as a time regularity test, maintaining an average speed of below 40 Km/h, excluding stop-offs. There may also be simple riding skill tests, in areas not open to traffic, provided that the participants' safety is guaranteed, and that the meeting does not involve any dangerous situations or excessive physical effort.
